Dear Craig Latimer,

First, thank you for your dedication and willingness to serve our community as Supervisor of Elections. We understand the sacrifice that it takes to take time away from family in hopes of having a positive impact on the quality of life for all that you represent.

The men and women of Tampa Firefighters Local 754 proudly support and endorse your campaign. We feel you have and will continue to represent the interest of both the community you serve and those within our organization. Your dedication to labor unions and the Tampa Firefighters is commended. We look forward to your positive impact on the community as you fulfill your elected duties.

Feel free upon receipt of this endorsement to utilize our name and logo for campaign needs. Once again, thank you for your support and leadership as you mentor those under your leadership and the citizens and families you have been elected to represent.
